Onward and Upward!

At Sacred Heart School of Halifax, our graduates are on their way to extremely bright futures. That's because they are among the most academically prepared graduates in the country thanks to our rigorous academic program that includes the acclaimed Advanced Placement (AP) Program. And through the many ways they live our Sacred Heart mission, including student leadership, social justice, and community service, we know they will make amazing contributions to our community and world, just like they did here. Because while the world is theirs to conquer, it's also theirs to make better.

Many of our graduating students received a scholarship, bursary, or award this year, and 95% are heading to the university or college of their choice. This year, our graduates were accepted at these leading universities:
